PROJECTS

Deep Learning Model for Eye Disease Prediction

(05/2024 - 07/2024) [🔗](#)

- Using computer vision and artificial intelligence techniques, we developed a cutting-edge deep learning model for the prediction of eye diseases.
- To identify conditions such as glaucoma, diabetic retinopathy, and cataract to the extent of 99%, extensive datasets of annotated eye images were used to train the model.

Language Learning App Using MERN Stack (08/2023 - 12/2023)

- Developed a comprehensive language learning application utilizing the MERN (MongoDB, Express.js, React.js, Node.js) stack. The app provides users with interactive lessons, quizzes, and progress tracking to facilitate effective language acquisition.

Podcast Streaming Website (12/2023 - 05/2024) [🔗](#)

- Imagine a website incorporating user authentication, CRUD operations, and API integration. Upon logging in, users can view their account details, modify personal information, and delete their accounts if needed. When searching for different topics, the website displays all podcasts within the integrated API.

EXPERIENCE

Intern (Internship)

Medide

09/2023 - 11/2023

Achievements/Tasks

- Resolving problems with routers and other network equipment while employed in the networking industry.

Artificial Intelligence (Externship)

SmartKnower

09/2022 - 10/2022

Achievements/Tasks

- Examined Deep Learning Algorithms and collaborated with a team of 4 students on a SmartBridge project.
- CNN was used to extract image features and train the model.
- Utilizing GPU acceleration, the solution was implemented using Python, TensorFlow, and Keras for quicker training and inference.

SKILLS

Networking

Python

Java

Web Development

SQL

C programming

Organization Skills

Planning

TeamWork

Responsibility

Project Management

ACHIEVEMENTS

Secured 94% in the JEE Main examination.

Got a scholarship at Bayswater College London.

EXTRACURRICULAR

Coordinator of Leadership Club

Participated in Organizing events, and workshops to promote leadership skills within the community.

Coordinator of Generative AI Bootcamp Workshop

Coordinated the Generative AI Bootcamp workshop, managing event planning, and participant engagement to ensure a seamless learning experience.

CERTIFICATIONS

AWS Certified Cloud Practitioner

Ethnus MERN Full Stack

Artificial Intelligence by SmartKnower

NPTEL Certification-Forest And Their Management

Elite Certificate | Top 1% Achiever
